WDA 8514 H

8kg Washing Capacity 5kg Drying Capacity Washer Dryer Combo

Smart Solutions

- Aquawave Drum Technology ™
- Wash&Wear™
- Direct Air Technology
- Memory Function
- Anti-Allergy+

Design

Colour:	White
Side-wall design:	S shaped
Door finish:	Metallic grey
Large door diameter:	50 cm
Large porthole diameter:	34 cm
Door opening angle:	165°
Drum technology:	AquaWave™
Drum construction:	Stainless steel

Main Features

WELS water rating for washing:	4.5 Stars
Water consumption for washing:	69 Litres per wash
Energy rating for washing:	4 Stars
Annual energy consumption for washing:	322 kWh
Energy rating for drying:	3.5 Stars
Annual energy consumption for drying:	175 kWh
Voltage:	220 – 240
Frequency:	50 Hz
Max loading capacity for washing:	8 kg
Max loading capacity for drying:	5 kg
Spin speed:	1400 rpm
Display:	Orange on black text LCD
Encoder knob:	Yes
Remaining time indicator:	Yes
Time delay:	Yes
Temperature selection:	Yes
Cold wash option:	Yes
Variable spin speed selection:	Yes
Water control system:	Automatic
Out of balance detection:	Yes
Heater type:	Durable heater
Liquid detergent compartment:	Yes
Water inlet type:	Cold
Water pressure sensor:	Yes
Memory function:	Yes
Woolmark approval:	Yes
AllergyUK approval:	Yes

Wash Programs & Functions

Programs	16
	Cottons
	Cottons Eco

WDA 8514 H

8kg Washing Capacity 5kg Drying Capacity Washer Dryer Combo

AquaWave Drum Technology™

- 8kg washing capacity, 5kg drying capacity
- 4.5 Star WELS water rating for washing
- 4 Star energy rating for washing
- 3.5 Star energy rating for drying
- 1400 rpm with 16 programs
- Woolmark approval
- Allergy UK Approval
- Anti Allergy+
- Overflow safety, Watersafe+ & child lock safety systems

AquaWave Drum Technology™

Thanks to its new drum, paddle and door design, Aquawave™ Technology of Beko washing machines provide gentle yet effective washing conditions for all garments, making them last longer.
Inspired by nature, Aquawave™ Technology of Beko washing machines simulates the motion of waves and protects your clothes from wearing out. The interior design of the washing machine replicates the gentle and also effective power of waves.

Wash&Wear™

Beko Washing Machines with Auto Program automatically adjusts the water amount according to the weight of the laundry. It also selects the best program according to the amount of washing needed for the load.

Direct Air Technology

Beko washer dryers with Direct Air Technology provide 3.5 star drying performance with little water consumption. Standard tumble dryers use water in order to condense the steam inside the unit. This process causes loss of heat and energy along with the use of a great deal of water in every cycle.

Memory Function

The memory function provides quick access to your favourite wash stetting by storing your custom settings for future use. Simply selected you desired setting and hold down the memory button.
